k. Description of Request: The licensee requests a temporary variance of the minimum flow requirements in the Eel River below Cape Horn Dam, the Eel River below Scott Dam, and the East Branch of the Russian River. The licensee explains that due to current drought conditions and earlier flood season constraints, the storage in the project Lake Pillsbury is approximately 57 percent full. The licensee also states that despite the low reservoir storage level, flows at several compliance points have necessitated that the project operate under a normal water year classification. Therefore, in order to conserve water at the project and avoid reservoir bank sloughing and water turbidity, the licensee requests Commission approval to operate under the dry year summer flow requirements from through December 1, 2015. In conjunction with the proposed variance, the licensee proposes to provide no more than 50 cfs to the Potter Valley Irrigation District (PVID) through the East Branch Russian River.

The licensee also proposes to establish a Potter Valley Drought Working Group, comprised of the resource agencies and stakeholders, which would meet twice monthly during the variance to determine appropriate release levels within the framework of the proposed variance. The licensee requests that once a flow is established, that a 24-hour average flow be used as the compliance criteria for the corresponding compliance point. Finally, the licensee proposes to file monthly compliance reports with the Commission, resource agencies and stakeholders, and to provide bi-monthly email reports to the resource agencies and stakeholders.

l. Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20426, or by calling (202) 502-8371. m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions to Intervene: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents: Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). All comments, motions to intervene, or protests should relate to project works which are the subject of proposed action. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: May 18, 2015.

Kimberly D. Bose,
Secretary.
